

The table below is the result of combining information on slaves in the 1827 table sourced from the India Office Record F/4/1264 and the National Archives' T1 4248 document by Colin Fox. This often allows not only the names of slaves and their proprietors to be listed but also the date when slaves were emancipated and changes in their value over the period 1827-1834, according to when they reached or passed their peak maturity. Data from the T1 4248 source has been inserted into a separate column.

Please see the end of the table to read an explanation of dates (in curly brackets) in the Ref column, treatment of proprietor and slave name changes/variances.

Note: NV means that the slave was not valued on the 1827 list.

Notes:

Several difficulties were encountered because of variation in spellings. Curly brackets have been used to track these changes. For example, Nancy Allen in 1827 became Ann Allen in 1832 but still belonged to Mr R Wills.

Where a name appears that was not in the 1827 list, the date has been added in the Ref column in curly brackets.

Where the proprietor has changed, the new name has been added, along with the date, again in curly brackets.

A guess has been made in some instances where, in the 1827 list, only the slaves first name is given. If on the 1839 list a slave, belonging to the same proprietor has an identical first name but also a last name, the assumption has been made that the two are the same person and have been moved into the index in the appropriate place. For example, Leah belonging to Mr Sampson in 1827 is seen as Leah Fortune in 1839 still belonging to Mr Sampson. She now appears in the table of slaves with a last name under 'Fortune' rather than as just 'Leah'. Again curly brackets give the date of the reference.

Clearly slaves with only a first name who have changed proprietors cannot be cross referenced with the 1827 list and these have been added as new people.

Many slaves in the 1839 listing do not appear in 1827; some were emancipated before the 1827 list was compiled but the others remain a mystery.
